

NeoSEALER[®] Flo

THE MOST VERSATILE AND ECONOMICAL HIGH CEMENT CONTENT BIOCERAMIC SEALER

Flex Flo Tip™

Operate with more precision and efficiency with 81% less product waste with our Flex Flo Tip minimal-waste design.

**Sets in vivo in the presence of moisture

HIGHER BIOACTIVE CEMENT THAN OTHER BIOCERAMIC SEALERS¹

NeoSEALER Flo is thoughtfully designed to promote setting and maximize bioactivity.

¹ Data on file

81% LESS PRODUCT WASTE WHEN USING FLEX FLO TIP

Our unique Flex Flo Tip™ design combines a flexible cannula with an integrated stopper attached to a minimal waste barrel for highly accurate placement.

RESIN-FREE

NeoSEALER Flo is resin-free for maximum bioactivity and biocompatibility.

NeoSEALER Flo releases calcium and hydroxide ions from the MTA, promoting hydroxyapatite (HA) formation on the MTA surfaces to enhance sealing and support healing.
